SCOPE OF JOURNAL
Tropical Animal Science Journal receives original manuscripts encompass a broad range of research topics in tropical animal sciences: breeding and genetics, reproduction and physiology, nutrition, feed sciences, agrostology, animal products, biotechnology, behaviour, welfare, health and veterinary, livestock farming system, socio-economic, animal waste management, and policy.

Authors have to prepare the manuscripts according to Tropical Animal Science Journal's guidelines. Manuscript and statement of originality and copyright release form (Form A) should be submitted via online submission through journal website: https://journal.ipb.ac.id/index.php/tasj.

ABOUT JOURNAL
Tropical Animal Science Journal (Trop. Anim. Sci. J.), previously Media Peternakan, is a scientific journal covering broad aspects of tropical animal sciences. Starting in 2018, the title was changed from Media Peternakan to develop and expand the distribution and increase the journal's visibility. The journal is published SIX times a year in January, March, May, July, September, and November by the Faculty of Animal Science, IPB University, and is associated with the Animal Scientist's Society of Indonesia.

Tropical Animal Science Journal is a peer-reviewed journal that has been indexed and abstracted in Elsevier products (Scopus, Reaxys), Clarivate Analytics product (Emerging Sources Citation Index), Scimago Journal Rank, DOAJ, Dimensions-Digital Science, CABI, EBSCO, Science and Technology Index (SINTA), and other scientific databases. The journal also uses Similarity Check to prevent suspected plagiarism in the manuscripts.

HISTORY

Tropical Animal Science Journal (Trop. Anim. Sci. J.) (p-ISSN 2615-787X and e-ISSN 2615-790X) previously Media Peternakan (published from 1967-2017 with p-ISSN 0126-0476 and e-ISSN 2087-4634) is a scientific journal covering broad aspects of tropical animal sciences. The journal is published by the Faculty of Animal Science, IPB University, associated with the Animal Scientist's Society of Indonesia. Starting in 2018, the title was changed from Media Peternakan to develop and expand the distribution and increase the journal's visibility.

The first edition with the new title was published in April 2018 (Vol 41 No 1 2018), while the previous edition (up to 2017) still uses Media Peternakan as the title. The online version of Tropical Animal Science Journal can be accessed on the new website (http://journal.ipb.ac.id/index.php/tasj), and the previous editions are available on the old website (http://medpet.journal.ipb.ac.id/).

There are several adjustments in the publication frequency: THREE times (April, August, December) in 2018-2019, FOUR times (March, June, September, and December) in 2020-2024, and starting in 2025, it is published SIX times a year in January, March, May, July, September, and November.

Tropical Animal Science Journal has been indexed and abstracted in Elsevier products (Scopus, Reaxys), Clarivate Analytics products (Emerging Sources Citation Index), Scimago Journal Rank, ASEAN Citation Index, DOAJ, Dimensions-Digital Science, CABI, EBSCO, Science and Technology Index (SINTA), Google Scholar, and other scientific databases. The journal also uses Similarity Check to prevent suspected plagiarism in the manuscripts.
